

HINTS ON ECONOMY

SAVINGS THAT MAY BE EFFECTED BY THE HOUSEWIFE.

How to Mend Holes in Agateware—Renewing Shrunk Wool Union Suits—Effectively Removing Shine from Garments.

To Mend Agateware.—When an aggravating hole suddenly appears in an agate or porcelain lined stew pan, do not throw it away as past redemption. Take one of the round headed paper fasteners, such as lawyers of teachers are in the habit of using to keep the sheets of a manuscript together; push the two level flat clips through the hole from the inside; bend back on the outside; then, laying the basin on a hard substance, hammer the round head down flat on the inside and it will last a long time.

Save Gas When Cooking.—To save expense when using a gas stove have a piece of sheet iron large enough to cover the top of the stove and turn on only one burner. The heat will be diffused enough to cook a whole dinner. This also solves the problem of keeping things hot on a gas stove.

Hard Soap Lasts Longer.—Keep a supply of laundry soap and remove wrappers so the soap will become hard before using. It will last twice as long as when used fresh and soft.

Economy in Shoes.—When white kid slippers have become too soiled to admit of cleaning, have a cobbler dye them black and then polish with dull polish. They are soft and comfortable and make a neat looking house shoe.

Renew Wool Union Suits.—Wool union suits that have become too small through shrinkage can be made almost as good as new. Cut the suit in half around the waist line. Buy a skein of wool yarn the color of the suit and crochet a common stitch on to the waist part, row after row, until you think you have the desired length of garment. Then join this with the same stitch on to the trouser part and you will have a suit which can be worn a few more seasons.

Use for Old Yarn.—All the odds and ends of yarn about the house can be put to good use by crocheting them together, using the chain stitch. Lay in loops about eight inches long. Tie in the center with a bow of ribbon and attach this to a smooth stick. This makes an attractive duster for the nursery.

Use Crusts of Bread.—The crusts of bread may be cut in blocks, browned in the oven, and put aside to serve with soups. They may also be used in scalloped dishes, as scalloped tomatoes and cabbage. Dry the unsightly and rougher pieces, then grind and use for breading.

Remove Shine of Garments.—Gloss and shine may be effectively removed from garments by rubbing emery paper against the fabric hard enough to raise the nap. This will not injure the goods, and will greatly improve the appearance of the garment, making it look almost as good as new.

Resole Bathing Shoes.—Many persons at this stage of the summer find the canvas covering of the soles of their bathing shoes worn through and the inner cork soles falling out. Take a piece of drilling and cut it out the size of the soles, push the cork sole into place, and cover it with the drilling by whipping the turned in edges of the drilling to the top of the shoe.

To Protect Baby's Clothes.—Make a bag of any wash material; cut armholes in one side of it and holes in the end for baby's feet to pass through. Run a drawstring through the top, which will gather to fit the neck. When baby is dressed for the day slip this over its other clothes. It is of invaluable benefit as a saving to the clothing of a creeping child.

Colorado Mining Convention.

Denver.—The federal forest bureau was placed on the griddle Friday afternoon and sensational charges, directed chiefly against rangers in the employ of the department, flew as thick and fast as the speakers could utter them. The whole forestry policy of the government was denounced as a fraud and a graft and a serious menace to the mining men of the West. Forest rangers in Colorado, it was charged, are out to sell timber, cut on public domain, from which they are vigilant to bar others, at the best price, in order to make a record in Washington, with the result that, through their own destruction, five and ten times more timber is now being cut on reserves here than before the present policies of the government came into force. Oppression of the prospector by tyrannical demands and ignorance is preventing hard working miners from securing patents to valuable stakes, according to some speakers. The policy of placing forest reserves above timber line was scoffed at. Lively debate on the subject was brought out by the charges and the convention was about evenly divided on the value of the forest service.

The department and Mr. Pinchot were not without their friends in the convention.

"In a century from now," said James F. Callbreath, Jr., when the full importance of the present policy to preserve the nation's forests is realized, the name of Gifford Pinchot will rank next to that of George Washington as a public benefactor."

Stimson Nominated for Congress.

Denver.—The last of the Democratic conventions that interest Denver were held Friday, when the delegates representing Denver county, the various float legislative and senatorial districts and the First Congressional district, met and selected their candidates.

Judge E. C. Stimson was nominated for congressman in the First district.

John S. Irby, private secretary to Mayor Speer, was nominated for the state senate in the Twenty-second district.

Elbert Greenwood of Boulder, C. S. McCoy of Wray, and J. D. Long of Englewood were nominated for representatives by the three float districts that held their conventions in Denver. Greenwood was chosen by the district made up of Denver, Arapahoe, Adams and Boulder counties.

McCoy from the district made up of Denver, Adams, Arapahoe, Phillips, Sedgwick and Yuma counties.

Long by the district made up of Denver, Adams, Arapahoe, Cheyenne, Elbert, Kit Carson and Lincoln counties.

Glasgow Workmen Hungry.

Glasgow.—A remarkable scene was witnessed Thursday at the office of the city council. Crowds of the unemployed gathered before the council convened and a delegation of twelve was admitted to the meeting. The spokesman of the unemployed said that never before had there been such distress in Glasgow. The chancellor replied with deep emotion. He said the council had received the delegation in a spirit of good feeling and that he would do all in his power to help those who needed work.

More Records Broken.

Washington.—In two flights at Fort Meyer Saturday, Orville Wright, in the "Wright flyer," broke three records. Staying up 9 minutes 6 1/2 seconds in the first flight, in which Major George O. Squiers, acting chief signal officer, accompanied him, Mr. Wright broke the record for a two-man flight which he established Tuesday. In the second flight Mr. Wright broke the record for time and distance of a heavier-than-air flying machine, which he established Friday, by remaining in the air for 1 hour, 14 minutes and 24 seconds.

By a fire in the Belmont hotel in Denver, a small hotel near the Albany, on Stout street, on the morning of the 8th inst., four persons lost their lives and seven others were injured, three of them seriously. The dead are George D. Ott, John J. Kane, George W. Bodle and J. B. Moore. Patrick Treadwell, a member of the Cripple Creek fire department, sustained probably fatal injuries.

RIVALS TO DINE AT SAME BOARD

TAFT AND BRYAN TO BE GUESTS AT BIG BANQUET IN CHICAGO.

NON-POLITICAL EVENT

CONVENTION OF THE LAKES TO GULF DEEP WATERWAY ASSOCIATION.

Chicago.—For the first time in the history of modern politics two rival candidates for the presidency of the United States will meet at the same board and address the same audience, when William H. Taft, Republican, of Ohio, and William J. Bryan, Democrat, of Nebraska, are to be the guests of honor at the annual banquet of the Chicago Association of Commerce, at the Auditorium on the evening of October 7th.

This announcement was made Friday at the headquarters of the Chicago Association of Commerce.

There will be no question as to which of the candidates will occupy the right-hand seat. It will be occupied by Mr. Taft at the express wish and with the full approval of the Democratic nominee and his friends. Chairman Mack declared that Taft, as a recent member of the present administration, was clearly entitled to the place of honor at the feast. The Ohioan, therefore, will sit at the right hand of President Hall and the Nebraskan on the left.

The meeting of the two candidates will differ from the meeting of the national candidates in the state of Illinois forty-eight years ago, when Abraham Lincoln and Stephen A. Douglas began their famous debates, by reason of the inhibition placed on political discourse. An attendance of about 1,000 persons is expected at the banquet.

In addition to the great banquet room of the Auditorium, the rooms adjoining on the ninth floor of the Fine Arts building have been secured, and the whole will be thrown together for the occasion.

It already had been announced that Taft would open the third convention of the Lakes to the Gulf Deep Waterway Association, for which the Association of Commerce will act as host, on the afternoon of October 7th, and that Bryan would close it on October 9th, and that Taft would be the guest of honor at the banquet on the evening of October 7th. Bryan's acceptance of the dinner invitation, however, assuring a notable occasion, came as a pleasant surprise. Taft's acceptance was obtained by President Richard C. Hall, Vice President E. F. Conway and Secretary T. E. Wilder of the association, who returned to Chicago Thursday from Cincinnati.

The long-distance telephone figured prominently in the negotiations to secure the presence of Bryan at the banquet. The invitation had been under serious consideration by Norman E. Mack, chairman of the national committee, for some time, and at a late hour Thursday night he called up Bryan, then at Terre Haute, Indiana, on the long-distance telephone.

Bryan had retired for the night, but answered the call. He was informed, as Taft had been, that the banquet would be a non-political one, and that it would be held under the auspices of a non-political organization. He agreed to attend. The deep waterways project is favored by the leaders of both parties, and is not, therefore, a subject over which any political discussion is expected.

The Boulder Fish and Game club has been incorporated, the articles of incorporation stating that the association is not for profit but to stock the streams and woods of the region with trout and game. The incorporators are Daniel E. McAllister, Peter C. Johnson and Adam Weber.

Night Sweats & Cough.

E. W. Walton, Condr. S. P. Ry., 717 Van Ness St., San Antonio, Tex., writes: "During the summer and fall of 1902, my annoyance from catarrh reached that stage where it was actual misery and developed alarming symptoms, such as a very deep-seated cough, night sweats, and pains in the head and chest. I experimented with several so-called remedies before I finally decided to take a thorough course of Peruna.

"Two of my friends had gone so far as to inform me that the thing for me to do was to resign my position and seek a higher, more congenial climate. Everyone thought I had consumption and I was not expected to live very long.

"Having procured some Peruna, I decided to give it a thorough test and applied myself assiduously to the task of taking it, as per instructions, in the meantime.

"The effects were soon apparent, all alarming symptoms disappeared and my general health became fully as good as it had ever been in my life.

"I have resorted to the use of Peruna on two or three occasions since that time to cure myself of bad colds."

Cheerful, Anyhow.

"Hello, sport; I haven't seen you for 20 years. How are you getting on?" "Oh, I'm a multi-millionaire. And you?"

"Oh, I'm a multi-failure."

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KISSAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.
